Relationships and Services

What investment services and advice can you provide me?

Services: We offer discretionary investment advisory services to retail investors. These services include wealth management which is a combination of financial planning and investment management. When a retail investor engages us to provide investment management services we shall monitor, on a continuous basis, the investments in the accounts over which we have authority as part of our investment management service. Furthermore, when engaged on a discretionary basis, we shall have the authority, without prior consultation with you (unless you impose restrictions on our discretionary authority), to buy, sell, trade and allocate the investments within your account(s) consistent with your investment objectives. We may also offer financial planning as a stand-alone service. Our services are offered as a wrap fee program where we combine securities transaction fees and other fees and expenses with our investment advisory services. We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an investment approach. When we provide financial planning services, we rely upon the information provided by the client for our financial analysis and do not verify any such information while providing this service.

Accounts, Investments, and Monitoring: We provide services to individual, joint, retirement, trust and estate accounts. We primarily use individual stocks, individual bonds, exchange-traded funds and mutual funds in constructing portfolios. We provide investment supervision, including monitor portfolios and securities in accounts on a regular and continuous basis. We also meet with you at least annually, or more frequently, depending on your needs. We have engaged Savant Wealth Management (herein "Savant Wealth"), an independent investment advisor registered with the U.S. Securities and Exchange Commission ("SEC") to provide sub-advisory services for your accounts on behalf of the Advisor. Services include investment portfolio construction, research and discretionary trading in your account[s].

Investment Authority: We provide our services on a perpetual and discretionary basis. In certain instances, we may engage a client in non-discretionary investment management, where we must obtain your consent prior to placing trades in your account. However, we do not actively solicit non-discretionary business. We execute investment recommendations in accordance with your investment objectives without your prior approval of each specific transaction. Our engagement will continue until you notify us otherwise in writing.

Account Minimums & Other Requirements: We do not require an account or relationship size minimum in order for you to open/maintain an account or establish a relationship. We do not limit the scope of our investment advisor services to proprietary products or a limited group or type of investment.

Additional Information: For more detailed information on our relationships and services, please see Item 4 – Advisory Services, Item 13 – Review of Accounts and Item 7 – Types of Clients of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?

Asset-Based Fees: Our asset-based fees for wealth management services range from 0.40% to 1.00% annually based on a tiered fee schedule. This fee is collected on a quarterly basis and calculated as a percentage of the value of the cash and investments in your account[s] that we manage. This presents a conflict of interest as we are financially incentivized to encourage you to place more assets in your advisory account as you will pay more in advisory fees. Asset-based fees will include most securities transaction fees and fees to a broker-dealer or bank that has custody of your assets. We impose a minimum annually advisory fee of \$6,000.

Fixed Fees: Our fixed annual fees for financial planning range up to \$10,000 per year. We generally charge a minimum of \$2,500 in advance for financial planning engagements. Fixed fees may be invoiced up to fifty percent (50%) of the expected total fee upon execution of the financial planning agreement, with the balance due upon completion of the agreed upon deliverable[s]. Fixed fees are negotiable based on the nature and complexity of the services to be provided and the overall relationship with us. We provide you with an estimate of the total cost prior to engaging us for these services.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. Your investment assets will be held with a qualified custodian. Custodians generally charge brokerage commissions and/or transaction fees for effecting certain securities transactions. In addition, relative to all mutual fund and exchange traded fund purchases, certain charges will be imposed at the fund level (e.g., management fees and other fund expenses). For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.

We sponsor a wrap fee program which means that we bundle securities transaction fees with our investment advisory services for a single investment advisory fee. In other words, we absorb any securities transaction fees in your accounts. We are therefore financially incentivized to limit the number of trades placed in your accounts or to utilize securities that have no transaction fee.

Additional Information: For more detailed information, please see Item 10 – Financial Industry Activities and Affiliations, Item 12 – Brokerage Practices and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*

How do your financial professionals make money?

Our financial professionals are compensated based on the revenue generated from advisory services, which is distributed in accordance with our partnership agreement. Certain employees receive salary based compensation with potential bonuses. This means our financial professionals have an incentive to increase the asset size in the relationship or solicit new business, taking time away from the day-to-day servicing of existing clients.

Disciplinary History

Do you or your financial professionals have legal or disciplinary history?

No. You can visit [Investor.gov/CRS](https://www.investor.gov/crs) for a free and simple search tool to research our firm and our financial professionals.

Conversation Starters: *As a financial professional, do you have any disciplinary history? For what type of conduct?*
